MELISSA ANN PINNEY: Girl Transcendent

Works by Melissa Ann Pinney, a fine art photographer based in Illinois, selected from a long-term exploration of emerging feminine identity. Vivid with color, gesture, and light, the images suggest the mysterious and ardent inner life of girls on their path to womanhood.

AI IWANE: Island in My Mind, Fukushima

From Tokyo, Ai Iwane has been using a Kodak Cirkut (large-format 360-degree rotating panoramic camera) to develop compelling images of the aftermath of Fukushima's 2011 disaster. Her work also reveals historic connections between Fukushima and Maui, through immigration memories and bon dance traditions.
